

DEVELOP A RISK MANAGEMENT IMPLEMENTATION PLAN (BIZSAFE LEVEL 2)

Course Overview

Learners will acquire the knowledge and skills to be a Risk Management Champion for the organisation in reducing risks at source by managing the risk management process at workplace and for recognition of bizSAFE level 2 by Workplace Safety and Health Council.

It involves developing a practical risk management implementation plan for the organisation which identify specific actions to be taken, by whom and time for their completion. It also entails formation of risk management team, risk assessment, controlling and monitoring the risks, communicating these risks to all persons involved and in compliance with RM Code of Practice.

Learning Objectives

By the end of this course, learners will be able to:-

- Explain a standard approach to hazard/risk identification.
- Estimate the risk levels and assist in the ranking, evaluating and controlling of the risks.
- Decide whether the risk can be tolerated, or what level of action is required to treat the risk.
- Monitor and review existing risk, changed risks and the effectiveness of associated risk control measures.
- Develop your company specific RM implementation plan.

Course Content

- Overview of Workplace Safety and Health
