

IOSH MANAGING SAFELY

IOSH Managing Safely

The overall course aim is for candidates to acquire knowledge and practical skills to manage competently, the health and safety issues at their workplace and to international accredited levels

Who should attend?

The course is designed for everyone (managers, supervisors, team leaders) who has responsibility for "managing" health and safety and needs a OHS qualification; anyone requiring a broad based basic knowledge in health and safety or has a need to develop practical safe systems of work.

Course Objectives?

Upon successful completion of the course, learners should be able to:

- Apply basic management principles and practices to health and safety issues as part of a total business strategy
- Set practical health and safety objectives, plan and implement courses of action to achieve those objectives
- Recognise safety and health hazards present in the workplace
- Ensure adequate information, training and supervision is provided
- Investigate incidents and take remedial action
- Understand and implement their legal responsibilities

How is it assessed?

The course is assessed by:

1. A short written/objective multiple-choice paper.
2. A workplace based written assignment.

Delegates, who attend and successfully complete both the practical and written assessments, will be awarded the Managing Safety certificate, issued by the Institute of Occupational Safety and Health (IOSH) in the UK.

A minimum pass grade of 70% is required for certification.

Note: This course is also presented as an in-company package.
