

FIRST AID INTERNATIONAL COURSE

Our training programs adhere to the most up to date medical and educational guidelines published by nationally recognised authorities. They also meet the OSHA training requirement for workplace responders.

As we are using the First Aid International training program to teach, we would like you to know that the primary source authorities for the programs are:

- *International Liaison Committee of Resuscitation (ILCOR)*
- *UK and European Resuscitation Council Guidelines for Basic Life Support*
- *The course syllabus is recognized by HSE UK*
