

NEBOSH Award in Health and Safety at Work

A Health and Safety Qualification for Everyone

This introductory qualification provides a basic understanding of the management of health and safety. It aims to improve the safety culture in your organisation, by equipping your workforce to identify and deal with hazards at work. Thus, helping to reduce accidents and achieving cost savings for the business. The qualification is designed to meet the needs of an international audience.

Who Should Attend

This Qualification is for everyone! It is suitable for personnel of all levels within an organisation across all industry sectors who need to understand the principles of health and safety as part of their job.

Benefits

The **NEBOSH Award in Health and Safety at Work** proves that you have an essential skill for the modern workplace. This is an ideal first step towards other higher level NEBOSH qualifications. Organisations who seek to implement a basic health and safety training program, thereby ensure employees have an understanding of the principles of risk control so as to reduce the number of accidents and incidents resulting in cost saving for the business.
